

CHE 445: Chemical Engineering Laboratory II  
**Design of Cure Cycles for Thick Section Composites**

**Prelab Conference Evaluation Form**  
*Total Basis: 15 points*

**Group:** \_\_\_\_\_ **Names:** \_\_\_\_\_

Identification of key input parameters through sensitivity analyses: *Basis (3 points)*

Merit of Proposed Cure Cycle: *Basis (4 points)*

Merit of Proposed Experimental Plan: *Basis (6 points)*

Laboratory schedule and distribution of responsibilities:  
*Basis (2 points)*
